UPS Remedials & Repair

Part No.

Product Description

Further to our UPS maintenance services Adept Power also offer remedial and upgrade works to tie in seamlessly with our diagnostic reports. Our recommendations are designed to rectify or improve your current back-up power infrastructure as quickly and as cost effectively as possible.

Health & Safety is paramount when undertaking any works and as such we are registered with both the Safe Contractor Scheme and the Electrical Contractors Association. Method statements and Risk Assessments can also be provided.

We offer the option of both in and out of normal working hours to suit your requirements and can offer remedial works to be undertaken at any time of the day or night whether during the week or at a weekend.

Services Include:

- UPS Battery Swap Outs
- Fan Changes
- Capacitor Replacements
- PCB Repairs to Component Level
- Remote Monitoring Improvements
- Electrical Wiring Improvements
- UPS Replacements
- On site repairs
- Workshop repairs
