UPS

Riello Sentinel Pro UPS

Secure your critical IT infrastructure with the ultra-reliable Riello Sentinel Pro UPS. The online double-conversion technology ensures absolute power protection, keeping your servers and data systems running flawlessly.

- Absolute Power Protection.
- Continuous System Uptime.
- Efficient, Reliable Backup.

Features

- Filtered, stabilised, reliable output voltage: on-line double-conversion technology (VFI in accordance with IEC 62040-3) with built-in EMI filters
- High overload capability of up to 150%
- Programmable auto-restart when mains power returns
- Programmable cold-start from battery
- Power factor correction (UPS input power factor close to 1)
- Wide input voltage tolerance (from 120-280Vac) without battery usage
- Possibility to extend autonomy for several hours
- Fully configurable using UPS Tools configuration software
- High level of battery reliability (automatic and manually-activated battery tests)
- High level of UPS reliability (total microprocessor control)
- Low impact on the mains (sinusoidal absorption)
- Online Connectivity
- Tower Configuration

Specifications

Manufacturer	Riello
Connectivity	Online
Configuration	Tower
Input Phase	Single
Output Phase	Single
