Eaton UPS Reseller

Part No.

Product Description

Eaton's power quality portfolio encompasses a comprehensive suite of power management solutions, including uninterruptible power supplies (UPSs), surge protective devices, power distribution units (PDUs), remote monitoring, software, power factor correction, airflow management, rack enclosures and services.

With all its products, Eaton strives for continued success in leveraging technical innovation to develop next-generation solutions. Eaton is a leading provider of quality backup power UPS, designed to deliver high quality backup power from desktop PCs to large data centers.

Eaton has continually grown its power quality business through developing innovative products and services as well as strategic acquisitions of companies like Phoenixtec, Powerware, MGE Office Protection Systems, Best Power, Aphel and Wright Line.

Eaton is an intelligent power management company dedicated to improving the quality of life and protecting the environment for people everywhere. We are guided by our commitment to do business right, to operate sustainably and to help our customers manage power â"€ today and well into the future. By capitalizing on the global growth trends of electrification and digitalization, we're accelerating the planet's transition to renewable energy and helping to solve the world's most urgent power management challenges.
