10Amp Wall Mount 1/1 Phase Automatic Bypass Switch

Part No. APS10/11/AW

Product Description

The Adept Power Solutions external manual bypass switch allows an uninterruptible power supply (UPS) system to be isolated for maintenance or replacement without any disruption to the critical load. This can help avoid costly downtime and maintenance costs.

Our range of external UPS bypass switches, manufactured in-house, have been designed to allow isolation of UPS standby systems for routine servicing, repair or removal without disrupting power to the critical load. All APS bypass switches are provided with a 5 year warranty.

Built to the highest standards using proven components, APS have designed UPS bypass switches are available for single and three phase UPS systems with single or dual input power supplies.

The UPS bypass switch panels can be customised and tailored to specific requirements including the incorporation of distribution boards within the same enclosures.

Picture for illustrative purposes. These bypass have 10Amp IEC Connections only.

Features

- Auto Changeover
- Single Phase
- Wall Mounted
- 5 Year Warranty

Specification

Manufacturer	*Adept Power Solutions*
Power (VA)	*1000VA*
Input Phase	*Single*
Output Phase	*Single*
Switch Rating (Amps)	*10Amps*
Weight (Kgs)	*4Kgs*
Depth (mm)	*115mm*
Width (mm)	*300mm*
Height (mm)	*180mm*
Input Plugs	*1 x 10Amp IEC C14*
Output Sockets	*4 x 10Amp IEC C13*
Max Relay Transfer Time	*15ms*
